

# **CHILD PROTECTION**

# **APPENDEM JAN 2021**

**based on Keeping Children Safe in Education DfE guidance September 2020**

**To be read in conjunction with the school's Child Protection Policy 2020**

Adapted By: R. Hatley  
Date: Jan 2021

## **Key Contact Personnel in School**

Designated Safeguarding Lead:

Carly Adams, Family Engagement Leader

c.adams@joydens.org

Designated Safeguarding Lead:

Rachel Hately, Headteacher

headteacher@joydens.org

Deputy Designated Safeguarding Lead(s):

Emma Barnett, Deputy Headteacher & SENCO

senco@joydens.org

Deputy Designated Safeguarding Lead(s):

Ellie East

e.east@joydens.org

Deputy Designated Safeguarding Lead(s):

Joanna Harris

j.harris@joydens.org

Named Safeguarding Governor:

Clarissa Hill

c.hill@joydens.org

## **Context**

On 4th January 2021 parents were asked to keep their children at home again, wherever possible, as part of the response to coronavirus (COVID-19). Schools/Colleges were asked to provide care for a limited number of children; children who are vulnerable, and children whose parents are critical to the COVID-19 response and cannot be safely cared for at home.

The way Joydens Wood Infant School is currently operating in response to coronavirus is fundamentally different, however, our safeguarding principles in accordance with 'Keeping Children Safe in Education' (KCSIE) 2020, remain the same:

- the best interests of children will always come first
- if anyone has a safeguarding concern about any child they should continue to act and act immediately
- a DSL or deputy DSL is available
- unsuitable people are not allowed to enter the children's workforce and/or gain access to children
- children will continue to be protected when they are online

This addendum of Joydens Wood Infant School Child Protection policy contains details of any amendments to our existing safeguarding arrangements and should be read alongside our current policies and procedures: <http://joydens-wood-infant.kent.sch.uk/statutory-information-and-policies/>

All staff and volunteers will be aware of the policy addendum and any revisions; the addendum will be made available: <http://joydens-wood-infant.kent.sch.uk/statutory-information-and-policies/>

The school/college will continue to keep up to date and act in accordance with the government guidance regarding education provision during the coronavirus outbreak: <https://www.gov.uk/coronavirus/education-and-childcare>

## **Designated Safeguarding Leads (DSLs)**

A DSL (or deputy) will be present on-site. If this is not possible for any reason, a named DSL will be available to be contacted via phone or video call.

Where a trained DSL (or deputy) is not on site, a member of the Senior Leadership Team will resume operational safeguarding duties; this will include updating safeguarding files and liaising with the offsite DSL (and deputies) and as required liaising with social workers where they require access to children in need and/or to carry out statutory assessments at the school/college.

All staff and volunteers on-site will have access to a trained DSL (or deputy) and know on any given day who that person is, and how they can speak to them. Up to date details of the DSL/Deputy DSLs will be visible to staff and children. The DSL/Deputy DSLs will continue to engage with social workers and attend all multi-agency meetings remotely.

## **Vulnerable Children**

Vulnerable children are those across all year groups who: (Read more in the guidance on vulnerable children and young people)

- are assessed as being in need under section 17 of the Children Act 1989, including children who have a child in need plan, a child protection plan or who are a looked-after child.
- have an education, health and care (EHC) plan and it is determined, following risk assessment, their needs can be as safely or more safely met in school/college.
- have been assessed as otherwise vulnerable and could therefore benefit from continued attendance. This might include children and young people on the edge of receiving support from children's social care services, adopted children, those at risk of becoming NEET ('not in employment, education or training'), those living in temporary accommodation, those who are young carers and others at the school/college and local authority's discretion.

There is an expectation that children with a social worker will attend, unless in consultation with the child's social worker and family it is agreed they are at less risk at home or in their placement for example due to underlying health conditions.

Where vulnerable children are not attending school/college, we will regularly keep in contact with them.

Joydens Wood Infant School recognises the importance of working in partnership with other professionals, such as social workers, early help workers and virtual school heads (VSH), involved with children and will continue to share relevant information, such as attendance and any welfare concerns, with them.

Safeguarding concerns will be shared with the relevant professional as soon as possible.

## **Attendance**

No one with symptoms should attend school/college for any reason. Vulnerable children's attendance is expected, where there are no shielding concerns for the child or their household, and/or following a risk assessment for children with an EHC plan.

Joydens Wood Infant School will follow up with family/carers where children are supposed to be attending but do not.

In all circumstances where vulnerable children do not take up their place, or attendance discontinues, Joydens Wood Infant School will notify their social worker or equivalent and will follow up with the family/carer.

Joydens Wood Infant School will follow up with families/carers that have arranged a place for their child/children (namely critical workers or children that are considered vulnerable but not open to any agencies) and do not attend.

Joydens Wood Infant School will ensure that regular contact is maintained with children (and their families) who are not attending. With support from the DSL, teaching and/or pastoral staff will maintain contact with children, where possible and appropriate.

Staff will record the date, time and attendance of calls to children and/or families.

## **Reporting Safeguarding Concerns**

Where any concerns are raised about learners or staff, the school will follow existing and updated local arrangements as set out by Kent Safeguarding Children Multi-Agency Partnership (KSCMP) and as outlined in our existing child protection policy.

All staff will continue to look out for any signs that indicate a child may be at risk, on and off site, including online.

- If a member of staff or volunteer has any safeguarding concerns about a child, this will be reported to the DSL as soon as possible.
- If the concern is urgent, the member of staff/volunteer will speak to a DSL in person or via phone/video call if they are not on site, immediately.
- In the event a member of staff or volunteer cannot contact a DSL, this will not delay them taking immediate action to safeguard a child.

Concerns will be recorded using existing safeguarding processes as outlined in our Child Protection Policy.

Prevent is a vital part of our work to safeguard children from radicalising influences; the school will continue to follow local processes where we have concerns during this challenging time. The DfE has published information for schools and colleges regarding prevent management support where learners are receiving Channel support.

Learners are encouraged to report safeguarding concerns to a member of staff or a trusted adult at home. Where this is not possible, additional support can be accessed (as appropriate to children's age/ability) online via:

- Childline: [www.childline.org.uk](http://www.childline.org.uk)
- UK Safer Internet Centre's 'Report Harmful Content': <https://reportharmfulcontent.com>
- National Crime Agency Child Exploitation and Online Protection Command (NCACEOP): [www.ceop.police.uk/safety-centre](http://www.ceop.police.uk/safety-centre)

Parents/carers are encouraged to report concerns via existing systems as outlined in our Child Protection Policy. Where staff are concerned about an adult working with learners, they should report the concern to the Headteacher.

If there are concerns about the behaviour of any member of staff or volunteer, the LADO service will be consulted with.

Concerns around the headteacher should be directed to the Chair of Governors.

### **Safer Working Practice, including Staff Training and Induction**

All staff will follow our existing staff code of conduct/behaviour policy and any addendum updates with regards to safer working practice, both on and off site.

Staff will continue to follow any updates to the school/college code of conduct/behaviour policy which have been made to reflect current Covid-19 measures. School leaders/DSLs should be aware of the updated Safer Working Practice Guidance – policies may need to be amended to reflect new expectations and requirements in response to required and expected Covid-19 measures.

DSLs will continue to access appropriate training (including remotely) and other additional resources to ensure they are up to date with local and national guidance.

All existing staff have read KCSIE 2020 Part 1 and accessed safeguarding training. Staff will be made aware if any processes have changed with the sharing of this addendum and the DSL will communicate any changes to local processes directly.

All new staff and volunteers will have an induction provided via the DSL and will be provided with a copy of our Child Protection Policy and this Covid-19 Addendum.

### **Safer Recruitment, Volunteers and Movement of Staff**

It remains essential that people who are unsuitable are not allowed to enter the children's workforce or gain access to children.

If Joydens Wood Infant School recruit new staff during this period, we will continue to follow the relevant safer recruitment practices including those identified within KCSIE 2020.

If volunteers are recruited Joydens Wood Infant School will continue to follow the guidance in accordance with KCSIE 2020 and with a mind to updates to the Safer Working Practice Guidance produced as a response to Covid-19.

Volunteers who have not had the relevant checks will not be left unsupervised with a child.

In response to COVID-19, the Disclosure and Barring Service (DBS) has made changes to its guidance on standard and enhanced DBS ID checking to minimise the need for face-to-face contact.

The Home Office and Immigration Enforcement have also temporarily adjusted the Right to work checks due to coronavirus (COVID-19).

Joydens Wood Infant School will continue to refer to the DBS anyone who has harmed or poses a risk of harm to a child in accordance with KCSIE 2020.

Joydens Wood Infant School will continue to consider and make referrals to the Teaching Regulation Agency (TRA) where appropriate. During Covid-19 measures, all referrals will be made by emailing [Misconduct.teacher@education.gov.uk](mailto:Misconduct.teacher@education.gov.uk).

Joydens Wood Infant School will continue to update the single central record in line with KCSIE. (Paragraphs 148 to 156)

The SCR will provide the means to log everyone that will be working or volunteering in the school on any given day, including any staff who may be on loan from other institutions.

### **Supporting Wellbeing**

Joydens Wood Infant School recognises that staff, parents/carers and learners may experience some degree of emotional wellbeing or anxiety challenges during this time. Many children consider school to be a safe place and the current situation may impact on learners', staff and parent/carers mental health. The DfE guidance on mental health and behaviour in schools may help schools/colleges identify children who might need additional support, and to put this support in place.

Joydens Wood Infant School will ensure that all children are supported. Staff will address the wellbeing of learners through a range of age/ability appropriate approaches and pastoral support will be provided as appropriate and as required.

Joydens Wood Infant School is conscious of the wellbeing of all staff and the need to implement flexible working practices in a way that supports staff and promotes good work-life balance.

Senior leaders and the DSL (or deputy) are available to provide support to staff as required.

Teachers will be aware of the impact the current circumstances can have on the mental health of learners and their families who are working from home, including when setting expectations for children's work.

Joydens Wood Infant School will signpost staff, learners and parents/carers, on or off site, to a range of appropriate sources of support, internally and externally.

### **Supporting Children in School**

Joydens Wood Infant School is committed to ensuring the safety and wellbeing of all its learners.

Joydens Wood Infant School will be a safe space for all children to attend and flourish.

A senior member of staff will ensure that there are appropriate staff on site and that staff to learner ratios have been considered to maximise the safety of children.

Joydens Wood Infant School will follow the current government guidance in relation to social distancing and all matters relating to public health from the respective websites and outlets.

Joydens Wood Infant School will ensure that all children who are either categorised as vulnerable or children of critical workers and are in attendance are appropriately supported.

Joydens Wood Infant School will continue to record any support provided to children in relation to safeguarding issues on their respective safeguarding recording system.

### **Peer on Peer Abuse**

Joydens Wood Infant School continues to recognise and respond to cases of Peer on Peer abuse by considering each incident on a case by case basis and basing any intervention on usual processes outlined within KCSIE 2020.

Joydens Wood Infant School recognises that the current circumstances and the changeable nature of current Government guidance may mean that the school/college may need to adapt elements of the process in some cases to ensure that they are able to respond in line with Government advice when required. The DSL will continue to consult as appropriate with multi-agency professionals to ensure that children's safety and wellbeing is not compromised when incidents of peer on peer abuse are brought to their attention.

### **Online Safety**

Joydens Wood Infant School expectations with regards online behaviour and education when using school provided devices or internet access on site will continue to be implemented in line with existing policies. Any concerns regarding online behaviour or use will be responded to in line with existing school policies.

Joydens Wood Infant School will continue to provide a safe online learning environment where learners use school/college provided devices on site; appropriate filtering and monitoring will continue to be implemented as outlined in the school/college child protection policy.

- Learners internet use will be supervised by staff according to their age and ability and learners will be directed to use appropriate online resources and tools.
- Use of staff and learner personal devices, including mobile phones, will be managed in line with our existing mobile technology policy. Amend or add expectations if different.

### **Supporting Children Not in School**

Joydens Wood Infant School will continue to ensure the safety and wellbeing of all children and young people that remain on the school/college roll.

All staff will continue to identify those vulnerable children that would benefit from Early Help as identified in KCSIE 2020; DSLs will ensure they have access to appropriate pastoral support and will consider whether they would benefit from external support.

There will be clear plans around how best to communicate with learners who are identified as vulnerable, as well as those about whom DSLs have concerns about who do not receive a statutory service. This could include telephone contact and/or doorstep visits at the discretion of the DSL.

Joydens Wood Infant School and the DSL will work closely with all relevant agencies and professionals regarding safeguarding a child not on site. Any plans will be reviewed regularly and if concerns become significant, the DSL will make requests for support if considered appropriate.

Joydens Wood Infant School recognises that this is a difficult time for children and young people who consider school/college as a safe place and the current situation may impact on learners', staff and parent/carers mental health.

Guidance for parents/carers is available from the DfE regarding 'Supporting your children's education during coronavirus (COVID-19).

The school/college will utilise its website and social media presence to ensure that appropriate safeguarding messages are shared with children and their families. This will include links to appropriate services and resources that are aimed at supporting them throughout this period.

## **Online Safety Away from school/college**

Joydens Wood Infant School will ensure any remote sharing of information, communication and use of online learning tools and systems will be in line with privacy and data protection requirements.

All communication with learners and parents/carers will take place:

- within school hours as much as possible.
- with staff using school devices over personal devices wherever possible and in line with our existing Acceptable Use Policy (AUP). Where this is not possible, staff will speak with SLT.
- using school/college provided or SLT approved communication channels of Class Dojo and Google Meet.

Parents/carers will be made aware of what their children are being asked to do online, including the sites they will be asked to access. Joydens Wood Infant School will be clear who from the school their child is going to be interacting with online.

Where parents/carers opt to supplement the school/colleges remote learning offer, we emphasise the importance of securing online support from a reputable organisation and/or individuals who can provide evidence that they are safe and can be trusted to have access to children.

Parents/carers will be encouraged to ensure children are appropriately supervised online and that appropriate parent controls are implemented at home.

Staff and learners will engage with remote learning in line with the existing behaviour principles as set out in our school/college behaviour policy/code of conduct and Acceptable Use Policies.

When delivering remote learning, staff will:

- only use online tools that have been evaluated and agreed by leadership.
- ensure remote learning activities are planned in accordance with our curriculum policies, taking learner needs and technology access into account.
- revisit relevant policies such as our acceptable use of technology policy with learners as necessary.
- Ensure that the attendees are from their class and names of parent/carer or child are clearly visible. All cameras must be on so that attendees can be visibly seen.
- Any persons marked as 'unknown' or are not able to turn their camera on will be removed from the meeting.

Where remote learning is taking place 'live' the following protocols must apply:

- Staff must be appropriately dressed
- Staff must ensure children are appropriately supervised by parents e.g. they are visible in the room during the session
- Staff must ensure parents are recording the 'live' sessions and posting material online
- Staff have the right to terminate a live session if a child or person in the home environment is behaving inappropriately or dressed inappropriately. All terminations on live session must be recorded on CPOMs.
- All staff behaviour must be in alignment with the school's code of conduct
- All pupil behaviour must be in alignment with the school's behaviour policy
- All parent behaviour must be in alignment with the school's home/school agreement

When participating in remote learning, parents will ensure:

- They have not shared the google link with anyone outside of their home.
- Their child's camera is on and their microphone is muted.
- Any child marked as 'unknown' or are not able to turn their camera on will be removed from the meeting to ensure all children are kept safe.
- Their child is appropriately dressed and all persons in the background are appropriately dressed.
- Will not screenshot or record the live sessions as this will put child and staff at significant risk.

## **Additional Support and Links**

• As well as through existing school/college mechanisms, learners, staff and parents/carers can access age appropriate and practical support and advice via a range of national and local services:
